At AIMS Power we have many products that will work on your 24 volt or 48 volt systems. If your client requires a 24 or 48 volt DC inverter, AIMS Power has the products you need to enhance your project.

According to the needs of the operating conditions, we can install AC input reactor, output reactor, DC reactor, EMI filter, braking unit, braking resistor, contactor, intermediate relay, thermal relay, PLC, ...

Shop high-quality inverter control cabinets for reliable power management. Featuring durable construction and advanced electrical controls for various applications.

INV-24-230 is the inverter cabinet used to invert 24VDC to 230VAC. Equipped with a 1500VA ODS-1500 inverter, it can be used for various applications in critical communication.

We have developed the NORDAC PRO family of frequency inverters specifically for installation in control cabinets. These inverters are equally suitable for operating synchronous and asynchronous motors ...

Controls motor speeds and processes, ensuring energy-efficient and precise operation of machinery in manufacturing environments. Regulates fans, pumps, and compressors, optimizing energy ...

According to the needs of the operating conditions, we can install AC input ...

The i550 cabinet frequency inverter is a compact control cabinet device with scalable functionality. It is versatile, reliable, and easy to use. The requirements of the Ecodesign Directive, Standard EN IEC ...

Breuer Motoren GmbH offers control cabinet inverters designed for precise motor management. Improve your system efficiency and reliability.

With BENNING's INVERTRONIC compact range of inverters, the company offers highly reliable, cost-effective, single-phase, modular inverter systems which provide high-quality, maximum-reliability ...

24v inverter dedicated control cabinet

With the frequency technology become more and more mature, the use of frequency inverter, PLC, digital-analog conversion module, temperature sensor, temperature module and other devices ...
