-----

The project provides cooling support for the company's PV module production equipment, ensuring stable equipment temperatures during the production process as well as ...

This is Guangzhou's first large-scale photovoltaic manufacturing project. TCL Zhonghuan Renewable Energy Technology will invest 10.6 billion yuan into the Guangzhou Development Zone ...

Recently, the commencement ceremony of EPC project (Section 10) of Guoneng Lingshao DC supporting 2 million kilowatt composite photovoltaic base project was successfully held in Majiatan ...

On January 1, the 25GW photovoltaic module project of Tongwei Solar (Yancheng) Co., Ltd. officially started. On September 29, 2022, Tongwei High efficiency PV module manufacturing base project ...

TCL Zhonghuan, the Chinese photovoltaic silicon wafer maker, has recently announced plans to construct a new solar cell plant in Guangzhou Development Zone of Guangdong Province, ...

Recently, TCL Zhonghuan and Guangzhou Government reached an agreement on the industrial 4.0 smart factory project of the 25GW N-type TOPCon high-efficiency solar cell, which will ...

The entire production base is planned to be completed in two phases, the first phase will reach a production capacity of 25GW of solar cells within the year of 2024, with an investment of 7.5 ...

The project plans to invest a total of 10.5 billion yuan in Shuangliu Park, Chengdu High-tech Comprehensive Free Trade Zone, to build an annual output of 25GW solar cells and 20GW ...

Polysilicon supplier Tongwei continues to expand its solar footprint, revealing plans this week to set up a 25GW module manufacturing base in the Nantong Economic and Technological...
