When looking for a 26650 battery pack manufacturer, look for Battsys, which has high energy density; excellent rate performance, low internal resistance; fast ...

Lithium Werks" 26650 cells are best for Power.Safety.Life.(TM) applications. They deliver very high power due to their use of patented Nanophosphate® battery technology. Based on lithium iron phosphate ...

What to consider when designing Lithium Batteries?

Featuring A-Class, top-tier cells for excellent balance, long cycle life. Achieve long lasting power supply based on limited space and light weight. Provides high power delivery, ensuring ...

A: We are a professional manufacturer with over 20 years of experience in battery cell production and pack assembly. We control the entire process from R& D and sourcing of raw materials to production, ...

When looking for a 26650 battery pack manufacturer, look for Battsys, which has high energy density; excellent rate performance, low internal resistance; fast charge; long cycle life, up to 3500 charge ...

Our 26650 battery packs provide superior battery performance characterized by high capacity, long lifespan, consistent voltage output, and advanced safety features ideal for power-demanding devices.

The 26650 lithium battery is a model of cylindrical lithium batteries with a diameter of 26mm and 65mm in length, which is widely used in electric tools, lighting, toys, ups, energy storage, ...

Check each product page for other buying options. Need help?

As a professional Lithium Battery manufacturer, PLB battery owns two manufacturing center factories, one for 26650 battery cells and other for lithium battery packs production.

26650 two-cell lithium battery pack

36 37 38 Product Description 2S1P 26650 6.6V 2500mAh Battery pack for LED Emergency lightings
Nominal pack voltage: 6.6V (3.3V per cell) Fully-charged pack voltage: 7.2V ...
