Sunwoda's OASIS 60 is a modular, high-performance battery energy storage system designed for commercial and industrial scale applications.

We are mainly engaged in lithium-ion battery product series: single cell lithium-ion, battery pack, photovoltaic panel, indoor and outdoor solar energy storage power system, etc.

Our products are widely used in: indoor and outdoor solar energy storage, backup power for communication base stations, office UPS power, RVs, electric vehicle power and other fields.

Our custom battery swapping cabinets are at the heart of a fully integrated system, combining real-time battery tracking, performance analytics, and automated energy management.

By seamlessly integrating leading brands hybrid inverters into the IP55-protected battery cabinet, a compact, easy-to-install, and high-performance turnkey energy storage system is achieved. This ...

Focusing on the new energy industry for 10+ years, it is committed to providing first-class solutions and services for global new energy applications. In order to reduce human dependence on fossil energy, ...

Answer: Kingfisher is the original manufacturer engaged in the develop, production, sale and service of LFP (LiFePO4) battery products and solutions, our factory is ISO9001 certified with an annual ...

Featuring a 60kW PCS paired with 129kWh of LiFePO4 battery storage, it delivers robust, efficient, and flexible energy management. This all-in-one cabinet design includes an integrated BMS and EMS, ...

SigenStack features modular design, robust safety measures, and advanced operational efficiency, setting a new industry standard for easy installation, low maintenance, and intelligent ...

60kW Modular Energy Storage Cabinet for Battery Swapping Stations OEM

Highly Integrated, Flexible Configuration: VN-AES series features an all-in-one design, integrating battery modules, PCS, EMS, and intelligent control systems, with flexible configurations from 30kW ...
