Where can I store oil & gas in Benin?

Storage terminal: We own one of the four oil and gas storage terminals in Benin, and by far the busiest, with access to a private deep water jetty that allows large vessels of up to 180 metres and 30,000 MT to berth. We began our presence in the country with the construction of this terminal in the coastal capital of Cotonou.

Why should we invest in Benin?

We also leverage Benin's strategic position as a commercial hub to serve the energy needs of neighbouring countries, including Burkina Faso, Mali, Niger and Togo.

Why do you need a fuel distributor in Benin?

Fuel distribution: We supply a high proportion of the needs (fuel, gasoil, etc.) of industrial, commercial, marine and domestic customers in Benin, thanks to our ability to ensure a reliable quality and supply of products. LPG: We occupy the leading position on the LPG market in Benin.

How many LPG cylinders are there in Benin?

Today, we have over 900,000 LPG cylinders in the market and enjoy a strong reputation and majority market share. The "Minigaz Oryx" concept has been so successful in Benin that it has extended to our operations in neighbouring Burkina Faso. We supply LPG to the local market and also re-export to Burkina Faso and Togo.

A West African nation where 40% of businesses still rely on diesel generators during daily power outages. Now imagine flipping that script with cutting-edge battery storage systems. That's ...
