Can you get free solar panels from the government?

Despite what misleading ads suggest, you can't get free solar panels from the government. But, the government does offer incentives that make them more affordable. However, you'll only be eligible for most government incentives if you own the solar panel system. Under the terms of solar leases or PPAs, the installer owns the system, not you.

Where can I get free solar panels?

Some local cities and counties also offer direct rebates to help with the upfront costs of solar panel installations. If you're looking for free solar panels, or at least solar panels with less cost upfront, solar leases, solar loans, and community solar are good options.

Can you get free solar panels on a roof?

Companies offered to pay to lease your roof from you for 20-25 years and, in exchange, would install and maintain solar PV panels on it. You didn't have to pay upfront for the panels, and would also benefit from the free electricity produced by the system. But there are very few free solar panel schemes available now.

Should you sign up for free solar panels?

Unsolicited leads from door-to-door salespeople: If a salesperson knocks on your door offering free solar panels, don't sign up for anything until you carefully research the company and its products. High upfront costs and hidden fees: Avoid signing a contract for "free" solar panel systems if a high upfront cost is still involved.
