-----  
What is the average tariff rate in the DRC?

In 1998, the DRC implemented a uniform approach for classifying tariffs. 2008 saw an average tariff rate of 12 percent in the DRC, according to the World Trade Organization (WTO). Ad valorem pricing and a cost, insurance, and freight (CIF) basis apply to all of DRC's tariffs.

What are the import levies & tariffs in the DRC?

The following three rates are part of the DRC's import levies and tariff structure: 20% for clothing, furniture, cigarettes, and other finished products. 5% for equipment goods, rough raw materials, agricultural and veterinary supplies, and unassembled equipment.

Are DRC tariffs ad valorem?

All of DRC's tariffs are ad valorem and charged on a Cost, Insurance and Freight (CIF) basis.

What is the DRC's external tariff?

The DRC's external tariff is based on a 1949 decree that was implemented by law in 1950 (Note: The DRC gained independence from Belgium in 1960). It has not been substantially amended since that time. The DRC adopted a harmonized system of tariff classification in 1998.
