Why is MTN launching 5G services in Zambia?

" In Zambia, we see great opportunities across many sectors, and in the mining industry in particular." MTN Zambia CEO Bart Hofker said MTN's 5G services had been activated to cover about 65% of the population in the cities of Lusaka, Kitwe and Ndola as well as parts of Chingola, Solwezi and Kalumbila.

Will MTN Zambia reach 100% 5G coverage in 2023?

This translates into about 15% of the population. "We plan to reach 100% 5G coverage in Lusaka, Kitwe and Ndola by the middle of 2023, while gradually expanding the 5G network to other locations," he said, adding that MTN Zambia customers need a 5G-enabled device to connect to the 5G network where it is available.
