Who are SolarHome.ie?

Drop us a line! info@solarhome.ie Trust Ireland's premier solar energy providers since 2006. Our expert solar panel installers deliver premium solar panels and installation services with SEAI solar grants available for maximum savings.

Are solar panels a good choice in Ireland?

Yes, indeed! Solar energy in Ireland is booming, with many new homes proudly sporting solar panels. Our panels soak up daylight (not just sunlight!), making them a perfect fit for Ireland's climate. They're a brilliant choice for powering homes with green energy, even on the cloudiest days. **How Much Do Solar Panels Cost In Dublin?**

Are solar panels a good investment in Dublin?

Thanks to these incentives, solar panels in Dublin are paying for themselves faster than ever. A typical 4kW system with a battery saves around EUR1,100 a year on electricity bills, reducing the average payback period to just 5-6 years. For many households, this makes solar a low-risk investment with guaranteed long-term returns.

How much does solar cost in Dublin?

One of the main reasons homeowners search to see how much does solar cost in Dublin is the strong support available through the SEAI grant. The scheme offers EUR800 per kWp installed (up to EUR1,800) but be careful, the additional EUR600 bonus for homes that include a battery is no longer available.
