Why does Majuro need a new power system?

In order to stabilize power service, the Marshalls Energy Co. was forced to import more than half-a-dozen rental containerized generators last year that currently provide the backbone of Majuro's power. International donors and the Marshall Islands government have lined up to fund a huge overhaul of the power system for Majuro.

Where does Majuro electricity come from?

se in the Marshall Islands Majuro pathwayWhere we are in 2018Currently around 98 percent of Majuro's electricity is genera ed in the Marshalls Energy Company's (MEC) diesel power station. The existing supply chain begins with delivery of diesel fuel to the island's storage tanks,which is then converted in

How much free power does Majuro get?

allocations of free power to almost 1000 MEC customers on Majuro. These c stomers receive 1000 kW/h a month,paid for by the RMI Government. The number of recipients of the free power is many times higher than when the mechanism was establishe
