How many tender 1 bids have been allocated for solar generation?

Twelve of the 19 successful Capacity Investment Scheme Tender 1 bids have been allocated for 2,750 MW of solar generation, split between New South Wales, Victoria and Queensland.

Which solar projects are being picked up in Australia?

Australia's Edify Energy picks up two projects - the neighbouring Majors Creek and Ganymirra solar farms which will total 300 MW and will share a 1.2 GWh battery south of Townsville - while Lightsource bp picks up three solar projects - Goulburn River, Sandy Creek and West Mokoan.

What are the results of the fourth renewables auction in the Philippines?

Preliminary results from the fourth renewables auction in the Philippines show 9.4 GW in awarded solar, wind and storage projects, short of the 10.6 GW target, with remaining capacity in floating solar and solar-plus-storage to be reassigned to qualified bidders.

What is the biggest solar project in Australia?

The biggest winning project is the 936 MW Valley of the Winds project in central west NSW, proposed by Acen Renewables, which also owns the country's biggest solar farm at New England, but which has been struggling to get final sign off on its contested 900 MW Robbins Island wind project in Tasmania.

Neoen, Edify, Lightsource bp, newcomer Elgin Energy and Andrew Forrest share most of the spoils of the largest wind and solar tender ever held in Australia.

Under the terms of the bid, ACME Solar must supply 4 MWh per MW of contracted capacity during any four hours each day, specifically during non-solar hours. The project must also maintain ...

Engie has secured its first hybrid solar and battery storage project in India, following a successful bid in the Solar Energy Corporation of India's (SECI) national tender. The project will ...

Preliminary results from the fourth renewables auction in the Philippines show 9.4 GW in awarded solar, wind and storage projects, short of the 10.6 GW target, with remaining capacity in ...

Energy Investment wins bid for solar power generation

Indian energy firm Reliance Power wins 350 MW solar project bid Reliance Power has won a bid from state-owned SJVN to develop a 350- megawatt solar power plant with battery storage.

Investing in renewable energy is the inevitable path to achieving energy transition. To promote renewable energy investment, many countries have subsidized renewable energy ...

In total, the Capacity Investment Scheme (CIS) Tender 1 - National Electricity Market (NEM) Generation, has delivered 6.38 GW of renewable generation projects, which collectively will ...

In 2018, Cambodia introduced regulations on solar power generation, injecting new impetus into the development of photovoltaic systems in the country. The development of grid-scale ...

Record solar, onshore wind, and tidal projects - building on last month's offshore wind success - deliver Britain's biggest-ever clean energy auction.

NTPC Renewable Energy Limited (NTPC REL), a wholly owned subsidiary of NTPC Green Energy Limited (NGEL), emerged a successful bidder in the e-reverse auction conducted by ...
