The solar-energy company posted a higher profit in fourth quarter, but issued revenue guidance for this year that missed analyst expectations. ...

First Solar, Inc. posted net sales of \$5.2 billion for 2025, up from \$4.2 billion in 2024, as third-party module volumes climbed 24% year-on-year. Fourth-quarter sales reached \$1.7 billion ...

Analysts pointed out that CATL's significant increase in net profit was primarily driven by cost optimization and product structure improvement.

Our revenue in the United States for the first quarter of 2025 decreased approximately 13%, compared to the fourth quarter. The decline was the result of seasonality and softening in U.S. ...

US cadmium telluride thin-film solar manufacturer First Solar has announced net sales of US\$1.7 billion for the fourth quarter of 2025, driving full-year sales of US\$5.2 billion. These year-end sales figures ...

Tempe, USA - The U.S. solar company First Solar has reported its figures for the first quarter of 2025. While revenue has increased compared to the same quarter last year, net profit has declined.

Net sales for the first quarter were \$0.8 billion, a decrease of \$0.7 billion from the prior quarter. The decrease in net sales was primarily due to an anticipated seasonal reduction in the...

MILPITAS, Calif.--(BUSINESS WIRE)--SolarEdge Technologies, Inc. (Nasdaq: SEDG), a global leader in smart energy technology, today announced its financial results for the first quarter ended...

PHOENIX / Feb 24, 2026 / Business Wire / First Solar, Inc. (Nasdaq: FSLR) (the "Company") today announced financial results for the fourth quarter and year ended December 31, ...

Net sales for the fourth quarter were \$1.7 billion, an increase of \$0.1 billion from the prior quarter. The

First quarter solar battery cabinet profit

increase was primarily driven by an increase in the volume of modules sold in the fourth quarter.
