Company profile for solar panel and installer manufacturer Hanergy Holding Group Co., Ltd. - showing the company's contact details and offerings.

Hanergy's record-breaking SHJ solar technology utilizes low-cost ITO transparent conductive films and easy-to-purchase screen-printed electrodes, reducing the cost of mass ...

Hanergy has a total production capacity of 3GW, in the solar energy field. Hanergy has entered into solar-power plant construction agreements with a total capacity of about 10GW. Hanergy bought ...

The new Hantile combines Hanergy's world-leading flexible thin-film solar panels with high-transmittance glass to create an innovative product capable of high-efficiency power generation that...

Hanergy Holding Group Ltd. (Hanergy) is a Chinese multinational company headquartered in Beijing. The company is focusing on thin-film solar value chain, including manufacturing and solar parks ...

Using state of the art proprietary photovoltaic modules, we generate clean, high quality energy, offering our customers the ability to start benefiting from clean renewable energy without any upfront cost.

Through global technical integration and independent innovation, Hanergy has become a world leader in thin-film solar technology.

With efficiency of greater than 15%, the panel exceeds silicon performance with low temperature coefficient. In addition, the panel is designed with low system cost in mind.

Hanergy Holding Group Ltd. is a multinational clean energy company as well as the world's leading thin-film solar power company, committed to changing the world by clean power. Established in 1994, the ...
