-----  
Where can I find a rooftop solar contractor in Hanoi?

They primarily specialise in investment focused rooftop and developer rooftop solar projects, while also offering general contractor services such as project implementation, operation and maintenance of rooftop solar power projects. Address: No 23, BT3, Phap Van-Tu Hiep, Hoang Liet, Hoang Mai, Hanoi City.

Does Vietnam have a rooftop solar market?

The rooftop solar market in Vietnam has witnessed remarkable growth, with the total capacity for solar power reaching approximately 16,567 MW by the end of 2022. Notably, rooftop solar alone contributes over 9,000MW to this figure, underscoring the significant role of rooftop installations in the nation's renewable energy portfolio.

How to unlock Vietnam's rooftop solar potential?

Policies like feed-in tariffs and power agreements boost rooftop solar by ensuring returns and easing rules. Challenges like low awareness, regulatory gaps, and grid issues must be addressed to unlock Vietnam's rooftop solar potential.

How to choose a solar energy company in Vietnam?

As solar is becoming cheaper and more popular, choosing among the many solar energy companies in Vietnam is getting harder, especially so as each installer may offer you different packages, services and energy solutions. Finding the right solar installer for your roof is important in ensuring a hassle-free installation that you are satisfied with.
