LiquidStack holds multiple awards for building the world's most efficient liquid cooled data center solutions. From micro data centers to hyperscale sites, we have the experience to deliver your ...

Baknor designs and manufactures liquid cold plates, liquid-cooled busbars, and thermal management components for EV batteries, energy storage systems, data centers, and high-power electronics.

In cooperation with Stadtwerke Heidelberg, sp.ICE has developed an energy storage system that can centrally store more than 13 megawatts of cooling energy and deliver it to ...

Our ice bank silos are custom-made based on the customer's cooling needs. Our product range includes 42 different types of ice bank silos, with capacities ranging from 1,100 to 7,000 kWh. Our biggest silo ...

Combine direct liquid cooling durable cold plates with fittings and tubes to simplify cooling AI servers, CPUs, GPUs, and networking applications. Benefit from Boyd's decades of trusted manufacturing ...

The company has a broad range of cooling solutions, including liquid cooling to enable higher chilled water, supply air and secondary inlet temperatures that can maximise the efficiency of ...

Frost is by far the largest company of its kind in Iceland with its headquarters in Akureyri northern Iceland and an affiliate in Garðabær in the Reykjavík area. The company has taken on projects all ...

We work with customers to create a blueprint of the energy storage system, striving for a brighter future of the new energy revolution. One-stop solution featuring independent development, production, ...

Our radiant cooling systems with integrated capillary tube mats have similar advantages as the ice energy storage: high efficiency, fast reaction behavior and even cold and heat distribution thanks to ...

Icelandic liquid cooling energy storage system manufacturer

Dyness is a global research, development and manufacturing company of solar energy storage battery systems, providing high voltage, low voltage and other intelligent energy storage lithium battery ...
