-----  
Is ion solar a good company?

ION Solar has an EcoWatch rating of 4.0 stars for its costs and financing, which means the company's systems are neither expensive nor cheap. In most cases, ION's costs for a system sit near the average across providers in the U.S. Accounting for the premium equipment offered by ION, the pricing represents sufficient value for money.

Is ion solar available online?

While pricing isn't available online, you can get a free custom quote from the company. ION Solar is available in 11 states. Note: Costs in this table are average costs for the state and do not represent specific company pricing. "Average cost after ITC" reflects the cost after receiving the full 30% solar investment tax credit (ITC).

How does ion solar customer service work?

Each ION Solar customer is assigned a dedicated customer service representative to handle any issues that arise throughout the process. Although some customers report less-than-ideal experiences with ION, most say they're satisfied with the quality of ION's customer service.
