What is Abu Dhabi solar & storage project?

The solar and storage project is divided into two sites--north and south--each with an equal capacity of 2.6GW of solar PV and 9.5GWh of battery storage. Announced during Abu Dhabi Sustainability Week (ADSW), the project highlights UAE's commitment to advancing clean energy and sustainable development. Dr.

Why is Saipem a leading offshore EPC contractor in the Middle East?

Oil & Gas Middle East coverage has regularly spotlighted this project for its strategic importance to the Kingdom's downstream sector. Saipem remains a leading offshore EPC contractor in the Middle East, with a significant portfolio spanning Saudi Aramco's Marjan offshore field development and QatarEnergy's North Field Expansion.

Why did Saudi Aramco get a \$77 billion EPC contract?

The consortium secured one of the largest EPC contracts in the region's recent history--a \$7.7 billion award for Saudi Aramco's Fadhili Gas Plant expansion. The contract includes the construction of complex gas treatment and sulphur recovery facilities,vital to increasing processing capacity in line with Saudi Arabia's energy development plans.
