Looking for an ODM BESS energy storage system? Our all-in-one outdoor cabinet (50-100kWh) features an IP55 design, LFP cells, and easy expansion for C& I applications.

50kW/100kWh outdoor cabinet ESS solution (KAC50DP-BC100DE) is designed for small to medium size of C& I energy storage and microgrid applications. Individual pricing for large scale projects and ...

Designed for long-term outdoor operation, the new 60 kWh system features an IP55-rated enclosure, ensuring strong protection against dust, rain, and harsh environmental conditions.

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the top, and has ...

Our outdoor energy storage cabinets are built with IP-rated enclosures to withstand harsh environments, making them ideal for both indoor and outdoor deployment.

What is a p500e energy storage system?The P500E has a modular design with a built-in STS and transformer. With the P500E, you can transfer energy bi-directionally to the battery, grid and DG, ...

50kW/100kWh outdoor cabinet ESS solution (KAC50DP-BC100DE) is designed ...

This isn't just a battery; it's a fully integrated power fortress, combining a massive 120kWh LiFePO4 battery bank, a powerful 50kW inverter, and a sophisticated thermal management system within a ...

The Br-50kw energy storage system represents a pinnacle of innovation in sustainable power solutions, offering a reliable 50kW output paired with a substantial 100kWh capacity.

Available in both 100kWh and 215kWh capacities, this modular system integrates power modules, batteries, cooling, fire protection, and environment monitoring in a compact outdoor cabinet.

Namibia modular outdoor cabinet 50kW

This outdoor cabinet for energy storage system (ESS) applications is engineered to house batteries, inverters, and controllers with superior protection and durability.
