Who makes solar panels in USA?

First Solar, Hanwha Q Cells, Canadian Solar, T1 Energy, and Illuminate USA are the top 5 solar panel manufacturing companies in the US, ranked based on their production capacity in 2025. Are solar panels manufactured in the USA? Yes, solar panels are manufactured in the USA.

Who makes the most solar panels in the US?

First Solar is the largest manufacturer of solar panels in the US with a production capacity of 10.6 GW as of June 2025. It has two manufacturing capacities in Ohio and Alabama. Check out the top solar panel manufacturers in the US, such as First Solar, Hanwha QCELLS, Canadian Solar, T1 Energy, and Illuminate USA.

Who makes illuminate solar panels?

Illuminate USA is an advanced solar panel manufacturing company based in Pataskala, Ohio. It is majorly owned by Invenegy, a U.S.-based renewable energy developer, and Chinese solar LONGi Green Energy Technology. It was founded in 2023. Illuminate USA is a leading U.S. solar panel manufacturer that operates about 1.1 million-square-foot facility.

Where are solar panels made?

Until recently, most of the solar panels installed in the United States were not actually made here. Instead, they were manufactured overseas--mainly in China--where production costs were lower. However, a shift has taken place in the American solar industry over the past few years.

In 2025, the industry is more robust than ever, with American-made solar solutions gaining prominence not only domestically but also on the global stage. Here is a comprehensive look ...

Using solar to power electronics or charge a battery requires more components than just a panel. With our extensive knowledge and experience, we can help design or make ...

SBM solar is one of the few U.S.-based manufacturers of non-glass, foldable photovoltaic modules. Headquartered in Concord, NC, our specialized technology sets us apart as one of the few ...

North America Micro solar Panel Customization Manufacturer

Discover the leading American solar panels and their manufacturers. Get all details here.

Here are the Top 5 U.S.-based solar panel manufacturers of 2025, based on production capacity and impact:

Check out the top solar panel manufacturers in the US, such as First Solar, Hanwha QCELLS, Canadian Solar, T1 Energy, and Illuminate USA.

Our panels are designed and engineered for North America. Each of our locations feature fully automated production lines, have achieved ISO 9001:2015 certification, and are built with precision ...

Advanced Energy specializes in providing power system solutions specifically tailored for solar photovoltaics (PV) manufacturers, highlighting its expertise in precision power technology that can ...

Top 5 American solar panel manufacturers in 2025: A list of top U.S. solar panel manufacturers. Find the best companies that produce high-quality, American-made solar panels for ...

At Hightec Solar, we provide solar solutions for projects of any size; and with our 3D printing capabilities, all panels are custom.
