Our rack space rental service allows you to lease physical space within our cutting-edge data centers, providing a secure and efficient environment for your servers and equipment.

You rent physical rack space in a professional data center (power, cooling, security, network), while you own the servers. It's a step up from office closets and shared hosting--more control, better reliability.

Rent a full or partial rack that is dedicated to your equipment only, ensuring no shared space or interference from other clients. Allows you to customize the rack layout to fit your specific equipment ...

The racks' high IP66 ingress protection, combined with secure 3-point locking and durable polyurethane seals, ensures equipment remains protected from environmental contaminants and unauthorised ...

By renting a rack, businesses can benefit from the infrastructure, expertise, and services provided by professional data centers without the need to build and maintain their facilities.

Call 800-736-8772 and talk to one of our technology rental specialists, or click the request a quote button below and we will work to find a server rental that is right for you!

Instant matches businesses with the perfect flexible office space for rent in Shanghai. Get a quick quote for your business putting roots down in Shanghai to find your next serviced or managed office space.

Colocation or server housing is an IT outsourcing service for companies whose hosting needs to be standards-compliant and high-performance. Learn more.

Our experts are here to help you connect your colocation environments to the cloud, facilitate migrations and provide ongoing management on top of the major public cloud service providers.
