For the latest updates and more information, visit our website: <https://foires-salons.eu>

Our portfolio includes not only automatic solar panel production lines, but also individual equipment for PV modules production, from glass loading equipment at the beginning to solar panel assembly and ...

One of the most critical machines in the Solar/PV production line is Stringer attaches and solders ribbons on the photovoltaic cells IBC, MBB, and various busbars, ensuring that the cells are aligned ...

Our lines can be easily upgraded and adapted to use all cell types making our lines highly flexible to all existing and new technologies.

The factory's production equipment for the well-known domestic first-line brand - Hebei Jinchen automation equipment, MBB string welding machine for Wuxi Otway, bus bar automatic ...

Our custom mesh pressing tool is a premium accessory designed for use with photovoltaic equipment string welding machines. This specialized tool ensures precision and reliability in your solar panel manufacturing ...

The welding system is the core part of the photovoltaic string welding machine, including welding heads, feeding devices, and clamps. The welding head melts the ribbon by heating and connects the cells together.

Solar cell welding machine OCH1500 can be integrated with automatic layup machine to achieve the composing and locating of solar cell strings on tempered glass. Update the traditional PV line to the newest MBB solar ...

With the popularization of BC cell technology, high-efficiency string welding equipment will provide stronger assistance for the industry to reduce costs and increase efficiency.

Automatic shingled stringer is an automatic equipment to weld the solar cells into strings by curing the conductive adhesive and collect the welded strings (or transfer them directly to the later process).

Photovoltaic street light panel string welding machine accessories

monocrystalline or polycrystalline, and solder them into a string. - We provide solar panel production line, full automatic conveyor with full automatic laminat
