Fully compliant with mandatory protection standards for terminal circuits in charging applications, the XL-21 ensures maximum safety and reliability. Tailored for optimal performance, it's the ideal choice for ...

With innovations in cabinet structure, industrial explosion-proof equipment and auto control, Kaiwei holds 30+ national patents, winning global customer recognition.

Durable stainless steel electrical cabinets from Goode feature NEMA 4X ratings, custom cutouts & corrosion-resistant finishes for long-lasting performance.

This intelligent charging pile is specially designed for electric vehicles. It is equipped with a high-definition display screen, which can clearly show the charging status, power and other information, ...

Description: In order to protect signal and power distribution networks from harsh environmental conditions and explosion hazards, various types of flameproof terminal boxes and junction boxes are ...

We are a professional company engaged in electrical automation, ...

We are a professional company engaged in electrical automation, committed to providing customers with integrated power distribution and automation solutions for high and low voltage electrical control ...

Description: In order to protect signal and power distribution ...

304 Stainless Steel Electrical Enclosure Box - Electric Vehicle Charging Station Box Stand, Rainproof and Rust-Proof, Compatible with Most Charging Piles (Color-40 * 18 * 50cm)

A U-shaped notch at the bottom allows charging without opening the door, preventing dust and rainwater ingress and effectively protecting small household charging piles.

Power cabinet for charging piles IP66

Complete specification guide for EV charging box design: thermal management, tamper proof security, IP66/NEMA 4X protection, and serviceability for public and commercial installations.

The outdoor photovoltaic energy cabinet can provide reliable housing for network servers, edge computers, professional equipment, monitoring systems, photovoltaic, and battery systems.
