Students use SOLAR to register for classes, print schedules, view and pay bills, update personal contact information, view transcripts, and submit student employment timesheets.

Terra-Gen and Mortenson have substantially completed the Edwards & Sanborn Solar + Energy Storage project, the largest solar + storage project in the United States. Mortenson was the ...

The largest solar + storage project in the United States, Edwards & Sanborn Solar + Energy Storage was completed in 2024 and holds the title of being the largest of its kind in the ...

Discover why rising electricity prices make solar a great investment in 2026, even after the 30% federal tax credit expires. We break down the long-term savings.

Arizona celebrated the official commissioning of the Eleven Mile Solar Center in Pinal County near Phoenix, Arizona. The 300 MW solar farm and 300MW/1200MWh battery energy ...

The City of Fresno recently celebrated the completion of its largest solar power and energy storage projects, which could save taxpayers over \$122 million dollars by 2045.

Plug-in solar has remained in the shadows because of a lack of safety standards and often costly requirements imposed by utilities, but that's changing.

Home solar panels are rapidly becoming mainstream. We'll help you decide if a home solar panel system is right for you.

There are two main types of solar energy technologies--photovoltaics (PV) and concentrating solar-thermal power (CSP). On this page you'll find resources to learn what solar ...

Once completed, the 2,000 MW Bellefield project is expected to be the largest solar-plus-storage facility in the

Solar energy storage project completed

AES Corp. completed construction of the first phase of the Bellefield solar-plus-storage project in Kern County, California, and remains on track to complete the second phase next year.

Uses local climate data, your roof measurements, current local electric rates and current solar system cost to generate an accurate solar cost and savings estimate, customized for your home.
