How much does a solar generator cost?

Price is another big selling point. The portable power station and the solar panel go on frequent sales. Currently, you can get a bundle that includes an F3600 Pro and two 420W solar panels for \$1,839 (MSRP \$3,699), 50% off its full price. The Greccell T-1000 is a capable midsized solar generator.

Should you buy a portable solar power generator?

While you might ideally keep maxed-out models for your home, if you have a loved one who spends time camping and in the great outdoors, a portable solar power generator will make a great addition to their camping gear list. Lastly, if you've decided to buy a solar power generator, keep an eye on the return policy.

Which solar generator is right for You?

Whether you want something compact for camping or a larger unit for emergency home backup, these solar generators deliver the goods. The Jackery Solar Generator 2000 Plus is a fast-charging portable power station that can be bundled with SolarSaga 200W panels for recharging off-grid.

How do I choose the best solar generators?

To pick the best solar generators, we tested some of these power stations for charging capacity, ease of use, weight, and different use cases. Some picks were reviewed by Popular Mechanics test editor Brad Ford, who provided input for the larger-capacity units.
