Who is Solibro?

Solibro has been part of the Hanergy Group since September 2012. Solibro has headquarters in Thalheim, Germany and a research site in Uppsala, Sweden, both of which work to develop trailblazing solutions for the company's CIGS products. Solibro supplies products that are sustainable and cost-effective, with e

What certifications does Solibro have?

Certification: ISO 9001:2008, ISO 14001:2009, about Solibro GmbH Solibro GmbH is one of the world's leading manufacturers of CIGS thin-film modules, with a production capacity of 145 MW.

25-year performance warranty about Solibro GmbH Solibro GmbH is one of the world's leading manufacturers of CIGS thin-film modules, with a production capacity of 145 MW. Solibro has ...

Picture solar panels so thin they could double as roof shingles, yet powerful enough to generate electricity on cloudy days. That's the magic of Solibro's copper indium gallium selenide (CIGS) thin ...

More Yield: Solibro thin-film modules generate a significantly higher energy-yield than competitor modules of same nominal power. You profit from our strict positive-sorting policy and the CIGS ...

SOLIBRO SL2 CIGS THIN-FILM MODULE Solibro's SL2 thin-film modules offer efficiencies up to 13.2 % in serial production. The modules are especially suited for roof-parallel ...

Solibro thin film solar modules

The uniform black Solibro thin film module is now even more powerful! Thanks to ongoing integration of our world-record-breaking CIGS technology into our production, Solibro modules are ...

Hanergy Thin Film Power Group Limited, Chinese multinational renewable energy company has announced that TÜV Rheinland, a German testing laboratory, has rated Hanergy's ...

YOUR ADVANTAGES More Yield: Solibro thin-film modules generate a significantly higher energy-yield than competitor modules of same nominal power. You profit from our strict positive ...

Quality control Module 100% through the solar cell module defect detection (EL), ensure the production process Longer and more stringent tests than IEC 61646
