Are solar farms reducing poverty in Shilou County?

“The solar farms are also turning sunlight into cash and fortune for hundreds of households in the neighborhood,” said Hu Yuhai, deputy chief of the rural vitalization bureau of Shilou county. He said all the 113 villages in Shilou have been engaged in operating solar farms aimed at eliminating poverty.

How many villages in Shanxi have photovoltaic facilities?

6,602 villages in Shanxi have operated photovoltaic facilities which contribute to community revenue. Autumn is the best season of the year in Shilou county, Shanxi province, when the sky turns to the color of enamel blue and stretches to the horizon.

What is Yulinshan solar farm?

Li recalled the enthusiasm of local villagers was strong when the county began to construct the Yulinshan Solar Farm in 2018. With a power generation capacity of 30 megawatts, this was one of the largest solar power facilities in Linxian and it was designed to offer revenue to dozens of villages in its neighborhood.

Can solar power help rural poverty alleviation in Shanxi?

Featuring sufficient sunlight, Shanxi began to use the solar power industry for rural poverty alleviation in the period between 2015 and 2016. The provincial government selected five counties -- Fenxi, Daning, Jixian, Tianzhen and Hunyuan -- as pilots for the “solar-aided” poverty alleviation campaign.
