How to unload solar PV modules pallet?

Use $\geq 8\text{m}$ and $\leq 11\text{m}$ belts for unloading the Solar PV Modules Pallet. Ensure the sling's length is evenly distributed on both sides to prevent tilting or excessive tension that could damage the modules. Keep the box balanced during lifting to avoid tilting and ensure safe handling.

Can you walk on a LONGi Solar PV module?

DO NOT stand or walk on PV modules. Prior to beginning installation, review the Installation Manual for LONGi Solar PV Modules. Do not carry a module alone; always use two people to lift and carry. Do not drill holes in the frame of the module.

How to stacked PV modules?

The unpacked PV modules should be placed flat on the pallet. The stacked quantity should not be more than 16 pieces. Be sure to place the first module with the front side up and the others with the front side facing down. Step 1: Check the pallet list for all module information. Step 2: Cut the green straps.

How to transport multiple PV modules?

Mechanical equipments should always be used when transporting multiple modules. The unpacked PV modules should be placed flat on the pallet. The stacked quantity should not be more than 16 pieces. Be sure to place the first module with the front side up and the others with the front side facing down.

UNPACKING INSTRUCTIONS Thank you for your continued interest in our products. Canadian Solar is committed to provide high quality and high performance solar modules to assist ...

About How to unpack and accept photovoltaic panels Best practices for handling, unpacking and storing large-format solar modules From factory to project site Most solar modules ...

Implementing solar photovoltaic panels post-unpacking demands a meticulous approach, ensuring intricate details are attended to in order to achieve utmost efficiency and safety.

Let's face it - unboxing solar panels isn't as thrilling as opening the latest iPhone, but mess it up and you'll be crying harder than a toddler denied candy. Proper photovoltaic panel unpacking ...

In order to prevent the safety of placing and unpacking modules affected by tilt and uneven ground, please choose flat ground when unloading.

Safety note Please read the following safety instructions carefully before unloading and unpacking your solar modules. It is crucial to follow the outlined measures and guidelines for the safe ...

Unloading Instruction This manual is for DMEGC solar PV module unloading instructions. To ensure the safety of unloading of PV modules, please read this manual carefully.

Introduction The LONGi team of industry veterans and experts is excited to partner with you for success from arrival to installation with LONGi's PV solar modules. This guide serves as a ...

Introduction This manual provides comprehensive guidelines for the safe and efficient Unloading and storage of solar photovoltaic (PV) modules manufactured and supplied by JAKSON ...

3.5 Instruction for unpacking, handling and sampling at project site When the modules are transported at the project site, the transportation route shall be selected on a smooth road to avoid ...
