This list covers the 7 best solar panels for homes in the UK for 2025, based on energy efficiency, reliability, appearance, and overall value for money. 1. SunPower Maxeon 6 AC Max output: 440 W Energy efficiency: Around 22.8% Warranty: 40 years Estimated cost per panel: £163,400 Why it stands out:

Which solar panels are best?

In this guide, we have highlighted a selection of solar panels that are best in terms of warranty, affordability and other factors and attempted to highlight a brand that meets all of these requirements. Best overall solar panels: SunPower Maxeon 3. Best warranty period: Project Solar Evolution Elite.

Which solar panels are best for UK rooftops?

LONGi is one of the world's biggest solar brands, and their Hi-MO 6 Explorer panel is made with homeowners in mind. It delivers high efficiency, great performance in low light, and a stylish black finish that suits most UK rooftops. This panel uses HPBC technology (a type of advanced solar cell) to boost power output and cut down on energy loss.

What are the most efficient solar panels in the UK in 2026?

The most efficient solar panels available to UK homeowners in 2026 reach efficiencies of up to 26 per cent, such as the Perlight Black Grid. High-efficiency panels like these are especially valuable if your roof space is limited, since they generate more power per square metre.
