It is built specifically for outdoor installation and integrates advanced LiFePO4 battery technology, a high-level battery management system, and secure weatherproof housing, making it ideal for ...

EK conducted a comprehensive and multi-level test on the 372kWh liquid-cooled smart outdoor cabinet, mainly including mechanical safety, electrical safety, functional safety and other tests.

Patented Outdoor Cabinet Protection Design: Optimized heat dissipation air duct, protection against sand, dust and rain; The front and rear sides are open for maintenance, which is convenient for the ...

The modular design allows flexible expansion and adapts to a variety of scenarios. 372KWh Outdoor cabinet series industrial and commercial energy storage system (HJ-G150-372L)

It has a nominal capacity of 372.7 kWh with a floor space of just 1.69 square meters. The system is suitable for inverters with operating voltages ranging from 600 to 1500 volts. EnerOne can be ...

372kWh liquid-cooling high Voltage Energy Storage System BESS-372K is a liquid cooling battery storage cabinet with high safety, efficiency, and convenience. Equipped with high-quality phosphate ...

With our C& I solar power storage systems, you don't have to be physically present to monitor your energy usage. Our cutting-edge technology allows you to configure and control the system locally or ...

Explore the 372 KWh-1860 KWh Outdoor Cabinet Liquid Cooling Energy Storage System by Huijue Group, designed for high-efficiency energy storage, optimal thermal management, and reliable ...
